

A view of Earth from space, showing the curvature of the planet and the sun rising over the horizon, creating a bright orange glow. The Earth's surface is visible with clouds and landmasses.

# Open MCT Technical Overview

Andrew Henry (KBR Inc.)  
NASA Ames Research Center

# Open MCT In a Ground Data System

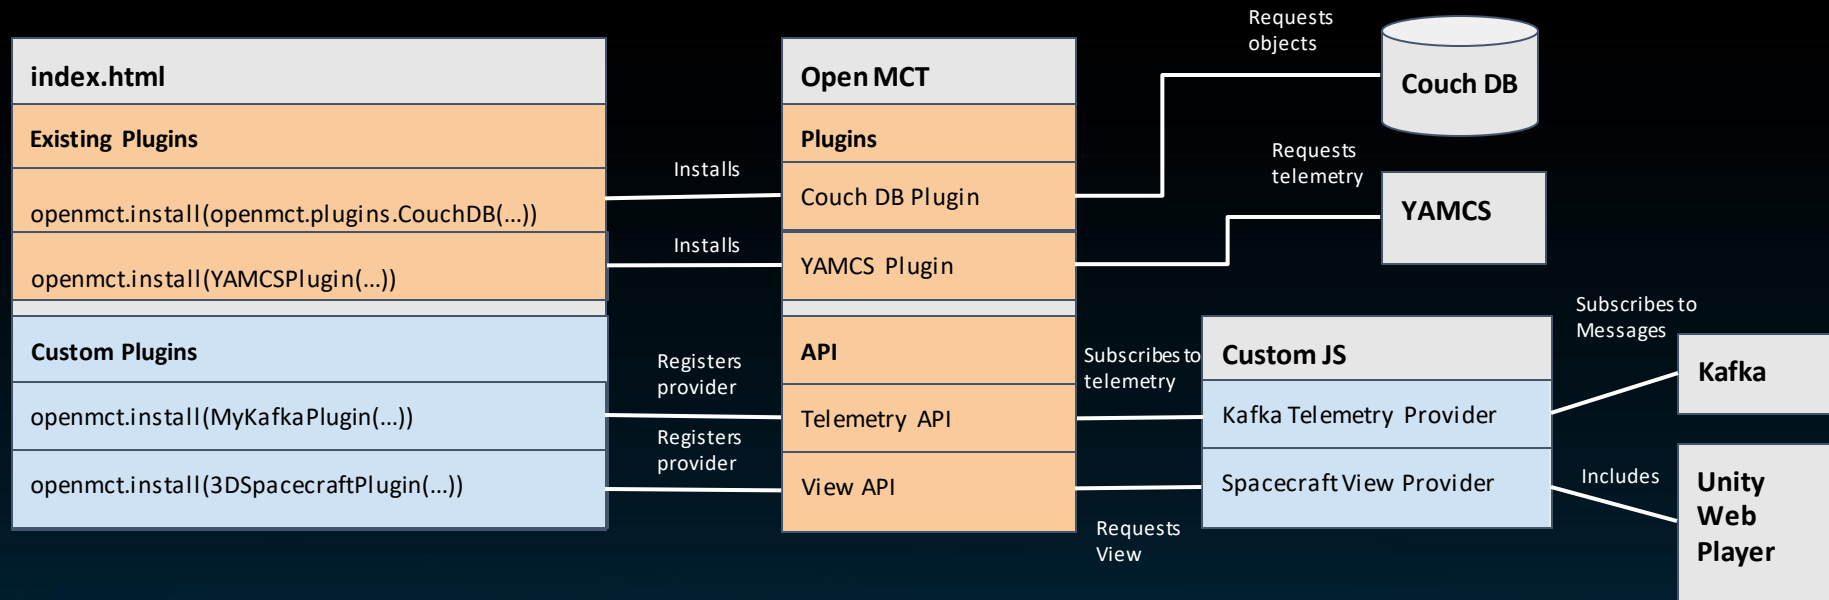

# Open MCT Telemetry Integration

Plugins are publicly available to integrate with:

- YAMCS
- AIT
- AMPCS (coming soon)
- ROS
- ITOS

# Custom Applications with Open MCT

# Open MCT API

You can build plugins that define new

- Views and Visualizations
- Telemetry Adapters
- Object Types
- Object Providers
- Actions
- Toolbars
- User Notifications
- Indicators
- Many others...

# Open MCT – Try it Out!
