GUIDELINES FOR SUMMER PRACTICE (ST200/ST300) REPORTS

The report should consist of the following parts:

1. THE TITLE PAGE (1 page)

Give a suitable title to your report, such as "Summer Practice Report on the". Indicate the course code (ST200/ ST300); your Name, Surname, Student No, and Date of Completion of Report (month, year), Dates of Summer Practice.

2. TABLE OF CONTENTS (1-2 pages)

Include a table of contents giving the name of each part/chapter and its page number.

3. INTRODUCTION (2-5 pages)

Give a brief outline of the type of work you have done, and the project that you were engaged in during your summer practice.

3. PREFACE (1-2 pages)

Provide the following information about the organization where you performed your summer practice:

- Name and contact address
- Location
- Brief history
- Present structure and organizational scheme
- Number of engineers employed, include their duties
- Main sphere of activity
- As a matter of courtesy acknowledge any help received from any person(s) or organization(s) during the course of your work in the end of preface.

4. MAIN TEXT (15-25 pages)

This is the part in which you should explain your work in detail; what you have done, what you have observed, and what you have learned during your summer practice. The main text should be divided into weekly based subsections, such as Week 1, Week 2, Week 3, etc. Each subsection must consist of "report summary forms" of that week and a discussion part. Report summary forms are used in order to describe your daily work shortly. They must be filled by yourself every day, and should be signed by your supervisor. The report summary forms belonging to each week should be placed successively and they should be followed by a maximum 2 page discussion regarding the details of the work done within the week. This section should not exceed 25 pages.

Do not include text-book information, unless absolutely necessary. If you want to give such information, cite properly so that the reader can find more information about the subject. All figures, tables and appendices should be referred to in the text of the report.

5. INTERVIEW WITH SUPERVISOR(S) (1-3 pages)

Make an interview with your supervisor(s) (chief engineer, site engineer, etc.). During the interview, ask questions related to his or her experience in the field of mechanical engineering and obtain information related to the work at present.

6. CONCLUSIONS (1-3 pages)

This should summarize the outcome of your work during your summer practice and may include recommendations. Summarize what you did and what you learnt in the summer practice and discuss the

benefits. Avoid using jargons and standard sentences, such as “the summer practice is very useful” etc. Instead, write your own ideas.

7. APPENDICES (1-5 pages)

Avoid appendices as much as possible and try to include everything within the text body.

8. NOTATION (1-2 pages)

All abbreviations and symbols must be defined where they first appear in the text and these definitions should be listed separately for, **Abbreviations** and **Symbols** (*in alphabetical order*). List roman characters first, and then *Greek symbols next*.

9. REFERENCES (1-2 pages)

The quoting and listing references should be standardized as follows.

- **In the text**, give the author's (or authors') surname(s) (adding "et al." after the first surname, if there are more than two authors), and the year of publication as, e.g. "Eskicioğlu (1992) has solved the problem," or "... results in higher strength (Almusawi et al.. 2016)."
- **List the references**, arranged in alphabetical order of authors' surnames (and in chronological order of the works by the same author, follow these examples quoted from a conference, a periodical, and a book, web site:
 - Eskicioğlu, H. (1992), “*The Use of Expert System Building Tools in Process Planning*”, Engineering Applications of Artificial Intelligence, C.5, s.33-42.
 - Almusawi A.R.J.Dülger,L.C. Kapucu S. (2016), ‘*Artificial Neural Network Based Kinematics: Remote Center of Motion in Robotic Surgery*’, CODIT'16-Malta, IEEE , s.335-340.
 - Söylemez E.(2009). ‘*Mechanisms*’. METU-Publication no:64.

HINTS

(a) The report must be written in English using simple words. Do not use abbreviations such as "it's" or "he'd" instead use "it is" or "he had". Avoid using Turkish technical terminology, if you are not sure, give in parenthesis Turkish equivalent word, (you may find several dictionaries available in bookstores and libraries, etc.). The report should be written using a word-processor such as Microsoft Word and should be **printed** on A4 size white paper. It should be **bounded**. Use one and a half line spacing, and short sentences. The total number pages of your report should not exceed 50 A4 pages (with one and a half line spacing, and 11 or 12 point font size). Leave one blank spaces after other punctuation marks.

(b) It is important that the report should be easily understood. All figures, photographs, and tables must have a caption (written at the top of tables, and in the bottom of figures and photographs), and **must be numbered in the same sequence in which they are referred to in the text.**

(c) Although summer practice is part of your engineering education, it does not need interfere with your academic work during the semester.

(d) You should register for the appropriate course (ST200 or ST300) at the beginning of the semester immediately following each summer practice. If you do not register for the following two semesters after your practice, you must repeat your internship.

(e) **You should submit your report to the department at given date in the academic term.**

(f) **There will be 10 minutes oral examination by Intern Committee after submission of your reports. This will be announced beginning of the term.**

NOTES: USE OF THE SUMMARY FORM

- 1) "Summary Form" is just an aid for you to write your summer practice report. So this is not a formal report.
- 2) Formal summer practice report will be written depending on this form.
- 3) The "Summary Form" must be filled **everyday** according to the work done that day while you are making your summer practice.
- 4) A "sample copy" of this form is given to you. Adequate number of copies of this form should be made for the desired number of working days. (Summer practice consist of at least 20 working days for ST200/ST300 respectively.)
- 5) **Everyday work** must be checked and **signed by the supervisor**.
- 6) Related figures and drawings may be put on the respective "summary of work done" sheet.
- 7) These forms must be submitted attached to the summer practice report.
- 8) "Cover page" given to you in the summer practice guide must be also attached to the summer practice report by filling it properly.

SUMMER PRACTICE REPORTS WITHOUT FILLED AND APPROVED SUMMARY FORMS FOR **EACH DAY** OF THE SUMMER PRACTICE **WILL NOT BE ACCEPTED.**

ÖZET FORMUNUN KULLANIMI

- 1) "Özet Formu" resmi bir rapor değildir, sadece staj raporunun yazımında yardımcı olması için hazırlanmıştır.
- 2) Resmi staj raporu bu forma bağlı kalarak yazılacaktır.
- 3) "**Özet Formu**" **staj boyunca** hergün, o gün yapılan işe uygun olarak doldurulacaktır.
- 4) Bu formun "**Örnek Kopyası**" size verilmiştir. Formun, istenilen iş gününe yetecek sayıda çoğaltılması gerekmektedir. (SE 200 yaz stajı 20 ve SE 300 yaz stajı 20 iş günüdür.)
- 5) **Her Günün sayfası yetkili kişi tarafından kontrol edilip onaylanacaktır.**
- 6) İlgili resim ve şekiller o günün iş özeti tablosuna konabilir.
- 7) Formlar, resmi staj raporu ile beraber teslim edilecektir.
- 8) Staj rehberi ile size verilen kapak sayfası eksiksiz olarak doldurulup staj raporunuzun önüne eklenmelidir.
