

**2019-2020 ACADEMIC YEAR FALL SEMESTER  
ERASMUS+ STUDENT MOBILITY FOR STUDIES APPLICATION RESULTS  
EXPLANATIONS  
MARCH 27, 2019**

1. Please find below the list of the students who gained the right to participate in Erasmus+ Student Mobility Program in **2019-2020 Academic Year Fall semester**.
2. The students who have applied and placed as **GRANTED CANDIDATE** in one of our partner universities will be given the Erasmus grant according to the grant amount that will be allocated by Turkish National Agency to our university.
3. Estimated Erasmus grants are calculated according to the approximate duration of semester at the partner university. Final calculation of Erasmus grant will be made at the end of the Erasmus+ Student Mobility according to the documents that will be submitted to Office of International Affairs. If the estimated amount of grant is less than the finally calculated amount according to certificate of attendance, then an additional payment is made to the student. If the estimated amount of grant is more than the finally calculated amount, then the student is responsible for reimbursing the difference.
4. The list of the students who gained the right to participate in Erasmus+ Student Mobility will be sent to the partner universities by the Office of International Affairs at IUE. It is the students' responsibility to complete the application process according to the steps that will be sent by the partner university via e-mail.
5. The students who cannot be placed in any university due to lack of quota will be able to choose other universities according to current seats available. These students must apply to Office of International Affairs **until April 3, 2019 at the latest** with a petition indicating the university they choose for their mobility activity.
6. The students who want to withdraw their application are required to submit a letter to Office of International Affairs explaining their reason of withdrawal **until April 3, 2019 at the latest**.
7. In the next round of applications, there will be a decrease of 10 points in Erasmus+ score of students who withdraw their application after the date mentioned above even if they are provided with or without grant.
8. Applications of students who did not submit the signed application form to Office of International Affairs and the applications of passive student who did not renew their registration for 2018-2019 spring semester were not evaluated.
